Case No. 19-23649 (RDD)
United States Bankruptcy Court for the Southern District of New York

Dear Judge Drain:

Dear Judge Drain, and the Sackler Family,

I have previously sent a letter to all involved with regard to my husband Troy Lubinski. I am now requesting fees and payments for my costs, due to the over prescribed medication of OxyContin to Troy Lubinski, from the encouragement of the greed of the Sackler family:

Medical bills = \$159,000

Bankruptcy fees = \$10,000

Hazelton Treatment = \$25,000

Foreclosure on our home = \$100,000

Counseling for myself and children = \$12,000

Loss of personal property due to being pawned for more OxyContin = \$50,000

Pain and suffering = \$300,000

Loss of life of our beloved Troy = can we put a price on his life, of course not, but it's worth more than \$48,000.

I see all the lawyers, and representatives putting in for fees they have earned, taking the money that should be paid to the victims who actually lived the suffering and pain.

Please pay in receipt of this email.

Sincere and broken,

Stephanie Lubinski
